

Login Form

Frame: LoginFrame

The image shows a Java Swing window titled "LoginForm". It has a standard window header with a title bar and three control buttons (minimize, maximize, close). The main content area is a light gray rectangle. Inside this area, there is a smaller, slightly darker gray rectangle containing the login form. The form has a title "Login" in bold. Below the title, there are two text input fields: "Username" and "Password". Below the "Password" field, there are three buttons: "Login", "Cancel", and "Retrieve Password". The buttons are light blue with black text.

Tables to be used: usermaster.

Users: Administrator, Employee
